India's badminton star P.V. Sindhu with Malaysia Super Star Mohan Lal at a gym in Goa on Friday.

Nobody is tough, everybody is beatable: P.V. Sindhu

Panaji, May 06 (PTI): "Double Olympic medalist P.V. Sindhu says nobody can't pick her tough opponent in the international circuit as she is of the same standard and one has to be always alert irrespective of the ranking of the player at the same time. 'I feel nobody is tough and at the same time, anybody is beatable,' she said during an interaction at the ongoing Gopichand World Badminton Championships 2022 in Goa on Friday.

"Right now everybody is of same standards, you can't think that a higher ranking player will be hard or not beatable and at the same time when you are playing with a low ranking player, you can't expect that it is going to be an easy win for you," she said.

"So you have to give yourself 100 per cent, no matter what the situation is. I know that one person is tough opponent and she is playing with everybody," she said.

IPL: RR aim to return to winning ways against inconsistent Punjab

Mumbai, May 06 (PTI): Rajasthan Royals will look to sort out their batting and bring their campaign back on track, while an inconsistent Punjab Kings will be eager to keep the winning momentum going in their bid to defend the title.

The Royals were at one point giving Gujarat Titans a strong fight for the top position but the former champions have recently faced minor hiccups. They enter the upcoming fixture with back-to-back losses including to eighth-place Kolkata Knight Riders last night.

Punjab Kings, on the other hand, will be high on confidence after playing a marvellous eight-wicket defeat on table topers GT. The Mayank Agarwal side will be eager to keep the winning momentum going as they come to meet Punjab in a table logjam an inch closer to sealing a playoff spot.

They are especially well placed on the points table, and it is mostly because of the consistent bowling of Shikhar Dhawan, who has also taken the most wickets in the tournament so far.

The Royals have one of the best, if not the best, bowling attacks this season but the bowlers failed to defend 158 and 152 in their previous two games. Mourinho leads Roma to his 5th European final

for 90 minutes and Mourinho did his job by directing Roma to a 1-0 win in the UEFA Europa League final on Thursday and a spot in the final.

It's a victory of a family, Mourinho said. Not just the one that was on the pitch and on the bench but also inside the stadium. That is our greatest achievement, this trophy and sense of family we have created with the club.

It will mark the fifth European final for Mourinho's career and he has won all four that he's coached in so far over a span of nearly two decades: the 2003 UEFA Cup and 2004 Champions League final with Porto; the 2010 Champions League final with Inter Milan; and the 2017 Europa League final with Manchester United.

I've had the fortune to play in bigger and more prestigious tournaments than this one, Mourinho said.

But in terms of the way we created a family atmosphere here, it makes me feel special.

Nadal gives edge to Alcaraz in Madrid Open showdown

Madrid, May 06 (AP): Rafael Nadal is downplaying his chances in his much anticipated Madrid Open quarterfinal against Carlos Alcaraz, the younger touted in Spain as his successor.

The 35-year-old Nadal and the 19-year-old Alcaraz will meet Friday in a rematch of a generation that Spanish fans have been craving to see up close.

Nadal has won both matches he played against Alcaraz but the younger is in better form entering Friday's encounter in Madrid. He saved four break points in his three- set win over David Goffin in the third round on Thursday.

I'm clear who, from the beginning, has some kind of edge over me, Nadal said. But in that regard, I will try to be as competitive as I can.

The ninth-ranked Alcaraz has a positive birthday by defeating Cameron Norrie 6-4, 7-6(4).

Manpower crisis, frequent withdrawal of personnel to deal with internal disturbance affecting BSF

Agra, May 06 (PTI): Shortage of manpower and lack of proper training or motivation are some of the pressing problems besieging the BSF, India's border guarding organisation on its frontiers with Pakistan and Bangladesh, according to an internal report that has been leaked to the parliamentary force.

The report also said that frequent withdrawal of BSF personnel to deal with internal disturbance, law and order duties, and counter insurgency operations "limits their capabilities to guard the border effectively." It maintained that training standards in the force have dipped over the years and the first casualty was collective training where the duration was reduced now there is virtually no collective training at all, it observed.

The BSF, primarily raised to deal with internal security in the country, is also deployed for elections and VIP security duties anywhere in the country, the report pointed out. It criticised the high officials of the security force for missing the manpower and engaging the jawans for their personal comforts. The internal report said that illegal migration from Bangladesh has become a major problem in the border areas. "We are yet to fully wake up to the implications of unchecked immigration for national security," it said.
