Modi weakens armed forces, PM Modi will have to withdraw 'Agnipath': Rahul

New Delhi, Jun 22 (PTI): Congress leader Rahul Gandhi Wednesday alleged the BJP government "which calls itself national since Tuesday" may be the armed forces through the Agnipath scheme, and said he will have withdrawn the military recruitment initiative just like he rolled back the farm laws. Taking a dig at the Centre over the Agnipath scheme, he also said those who talked about "one track pension" were bringing in "no rank, no pension". Addressing Congress parliamentarians and legislators from across the country who converged at the party headquarters here to express solidarity with him after he was questioned by the Enforcement Directorate, Gandhi said his questioning was an "unintentional" matter and that he was not alone during the Shoukat Gotwade, in his order on Monday. "The Chinese army is sitting on our land, it has snatched away over 1,000 square kilometres of our land. This truth has been accepted by the government," Gandhi claimed. He asserted that the army should be strengthened but this government is "weakening it". "When there is a war, results of this will be evident... they are weakening the army it will harm the country, and they call them-

Additional Director General of Home Guards, Chhattisgarh Region, on behalf of Government of Chhattisgarh, invites sealed tenders for 03 separate estimates as per the following details:-

Maintenance of National Highways

National Highways (NH) are the backbone of Indian economy and lifelines of the states, and their regular maintenance and repair are critical for smooth transport of goods and passenger vehicles. The annual outlay for the maintenance and repair of NHs is only about 40% of the estimated requirement which explains the dilapidated condition of many stretches of national highways in different states.

Bulldozer justice or method in madness?

Call it method in madness, but it is now a well established pattern that buildings belonging to those whose names are linked, with or without violence, to riots or protests are demolished. This is presented as stringent action against anti-social elements for rioting, and for legal purposes, it is portrayed as removal of illegal constructions. It is unfortunate, and a defining feature of these convoluted ties that some States take such pride in demolishing buildings that they want to use as a symbol that perpetuated losses in leasing violence.

Scientists warn of electronic implants to be delivered at a click

A team of Swedish researchers are working to develop electronic implants that can be delivered to a patient's body through a catheter. The new material, called a polymer stent, is made of a soft, flexible material that can be inserted into the body at regular intervals so patients no longer need to repeatedly undergo surgery to deliver the implants. The researchers also noted that the material can cope with changes in acidity such as those found in the digestive system, if it were used there.

Chess Olympiad

India hosted the Chess Olympiad for the first time in its history in 2000. Russia's loss has been India's gain. Chess has always been seen as an analogy for war, but a real war in Russia's invasion of Ukraine, has sent the entire chess world into turmoil. Due to this war, the International Chess Federation (FIDE) revoked Russia's rights to host the 2022 Chess Olympiad, as well as the 82nd FIDE Congress, while Russia and Belarus have also been suspended from playing in the tournament.

With 188 countries registered for the upcoming Olympiad, the country is set to witness a huge conglomeration of nations for a sporting event for the first time in its history. To remain in India, the Chess Olympiad memorabilia, FIDE introduced the Olympic Torch Relay tradition for its Olympiad from the national capital, the historic Olympiad Torch Relay will travel across the country over a period of 40 days.

China-Russia relations

Meanwhile, Central Asia has become of increasing strategic importance to China as a result of the Russia-Ukraine conflict, which has pinched direct supply chain routes between China and the EU. It is just like how Russia views Ukraine and other former Soviet republics in its immediate neighborhood. China has invested much in C-S-C alliance, supported by the Shanghai Cooperation Organization in terms of security and trade. The trade aspect also includes the Eurasian Economic Union (EAEU), which includes Russia as well as C-Cyrgyzstan, Uzbekistan and Kazakhstan, while Kazakhstan is an observer nation and expected to join the block soon. Interestingly, China has a Free Trade Agreement with the EAEU but has not yet agreed terms towards Beijing. Russia is more reliant on strategic ties. The long-term outlook for the relationship is unpromising. At their Beijing summit in February 2022, Chinese President Xi Jinping and Russian President Vladimir Putin proclaimed a "friendship without limits."

While the CS already have their own dialogue arrangements with Russia, which also includes infrastructure developments and trade, the China format allows them some ability to compare as well as cooperate. Given the issues between Russia and the EU, it is not just for India's benefit but also for our chess. PM Modi rightly said chess is not just for fun, it is an educational tool, and "chess players are becoming the new elite in India, one of the fastest growing chess countries in the world, one here among the 20 men and women chess Olympiad squad, pushing the boundaries of what is possible from this Olympiad for the country."

India women eye fresh start against Sri Lanka in 1st T20I

Dambulla, Jun 22 (PTI):

The Indian women's cricket team will be eyeing a fresh start under new all-format skipper Harmanpreet Kaur against Sri Lanka in the first T20 International of the three-match series, starting here on Thursday.

India will be the first international assignment for the Indian women since the disappointment at the 2022 Women's World Cup. Notably, the Indian team, for the first time, will be without the legendary Mithali Raj, who missed her last T20I against Sri Lanka, on the other hand,

will start the series on the back foot as they were recently whitewashed 0-3 by Pakistan in a T20 series. However, the Indians have to remain vigilant against the likes of Sri Lanka veterans Oshadi Ranasinghe and Chamara Athanathunga. The Indians last played a one-off game against New Zealand in the short-est format in February this year, which they lost by 18 runs.

Going into the series, the likes of Mandhana, Shefali Verma, Deepthi Shastri and pacer Pooja Vastrakar will inject enough confidence owing to their current form. Going by current form and world rankings, India should definitely start as favourites against the island nation and the hosts will need to raise their game by leaps and bounds to upset the Indians. India skipper Harmanpreet said felding is one of the pre-match press conference. The three-game T20 series will be followed by 18 runs.

As a team, there are quite a few areas we are currently working on to improve keeping in mind this particular series against Sri Lanka. While our core strength lies in our batting, we are giving extra efforts to improve our fielding skills. Modi said. All our top batters and bowlers are fit for this series. Skip Harmanpreet said. Disciplined MP keep Mumbai at 248/5 on Day 1

Bengaluru, Jun 22 (PTI):

An unheralded bunch of Madhya Pradesh bowlers stuck to its plans as a star-studded Mumbai side toiled its way to 248 for five on the first day of the Ranji Trophy final. Despite an opening stand of 87 between Prithvi Shaw (47) and Yashasvi Jaiswal (78, 163 balls), Mumbai failed to drive them even a far distance on a pitch that was not conducive for strokeplay.

Prithvi Shaw got Mumbai off to a good start before falling for 47 before lunch.

The pitch in the second session slowed down considerably and Suvrat Parkar (18) paid the price when a delivery from Saravali stopped on him and the leading edge off chased but faces just lobbed up for the assist of catches. While left-arm spinner Kumar Kartikeya was the tireless overman on one end, having sent down 31 overs, for him, the team's umm don't reflect the relentless pressure that he put on the batsmen, especially skipper Shaw.

In fact, it was the pressure on the batsmen, which helped Nigam (39-3-62) and Anshu Kumar Saravali (17-23-12) to share the bulk of the bowling. The duo bowled 18 overs for a six. Shaw followed suit and hit Kartikeya over the top edge for a six. He was bowled after he was hit for a six. He was bowled after he was hit for a six. He was bowled after he was hit for a six.
